THE QUARTERLY DIVIDEND: Q4 2022 IN REVIEW

## THE CONFERENCE: WHAT A TIME TO BET ON BLACK!

We closed out 2022 with a bang as we hosted our 1st Annual Conference & Gala in Atlanta which was themed, **"Bet on Black: Show Up As Your Authentic Self"**.

More than one hundred Black industry professionals showed up as their authentic selves Nov 5-6th for a weekend full of networking, career advancement discussions, thought-provoking topics, and deep conversations while sharing experiences.

We appreciate everyone who Bet on YBP by attending, engaging, participating, and supporting our inaugural event! We look forward to the next conference - *Stay tuned for details!*

## THE GALA

YBP is known for working hard AND playing hard so you can definitely believe we had a TIME at the Gala! We kicked off the cocktail hour with hors d'oeuvres, a red carpet, and a casino-inspired 360 booth. Guests then made their way to the reception with Black Excellence on full display complimented by casino-style games and a lovely buffet spread that fueled an evening complete with celebratory fellowship.

## THE METRICS

We are pleased to showcase the demographics and metrics from the conference! Please click the LINK button below to access a summary of they key conference sessions, sponsorship opportunities, and attendee demographics.

## Q4 YBP NETWORKING EVENTS

No YBP professional can negate the value and impact that networking has had on their careers. Our Membership and Social Committee has done an excellent job planning and hosting local networking events to keep our members engaged and to encourage active networking opportunities across the country within the YBP network.

There were several YBP Meet Ups this past quarter including NYC, New Orleans, Dallas/Ft Worth, and Houston! Be sure to follow us on Instagram @youngblackpharma for more updates on upcoming networking events in your city!
